### **PARENT & BABY**

Get started with our confidence building class for ages 6 months to 2 yrs.

*(learner pool-parent accompanies)*

### **PARENT & TODDLER**

For ages 2 -3yrs. Continue to develop confidence for both parent & child whilst independence starts to be encouraged.

*(learner pool-parent accompanies)*

### **PRE-SCHOOL**

Ages 3 – 4. Develop water confidence through positive play & guided discovery.

*(learner pool-parent accompanies)*

### **BEGINNER 1**

Ages 4+. Basic, easy to follow practises are developed to improve confidence and ability.

*(learner pool- parent may be required to accompany dependant on ability)*

### **BEGINNER 2**

Submersion, flotation and independent travel are further encouraged focusing on body position and technique. Swimmers must be able to travel confidently with floats in this class and be able to stand in 1 metre of water.

*(main pool-shallow)*

### **IMPROVER 1**

Swimmers will be taught the key skills required to develop the four main swimming strokes. The focus will be on refining the kicking action for all strokes. Improvers must be able to confidently travel without support in mid-deep water for this class.

*(main pool-middle)*

### **IMPROVER 2**

Strokes are fine tuned in addition to developing skills such as sculling, treading water & water safety. The aim is to 'improve' the technical ability of each stroke to meet ASA standards over a gradually increasing distance. Swimmers should be able to swim one length confidently on front and back for this class.
